

Nathan Hale Magnet Middle School

for Leadership and Social Justice

At Nathan Hale Magnet Middle School, our mission is to achieve academic growth and create a community of productive citizens that competes globally. This mission leads our drive to challenge our students to be leaders in school and the community. Our vision is to develop today's students into tomorrow's leaders. Part of that is holding students to high standards both academically and as student leaders.

The mission of Nathan Hale Magnet Middle School is to achieve academic growth and create a community of productive citizens that competes globally.

Students First

Our staff is passionate about their students' success academically, socially, and emotionally. Nathan Hale teachers are highly trained, dedicated professionals who strive to help our students reach their full potential. Our administration is committed to supporting students to help them be successful. From student tutoring to Science Olympiad, Nathan Hale provides a variety of enrichment opportunities after school for our students.

Extracurricular Activities

At Nathan Hale, we strive to provide many opportunities for our students to have an active role in our school community. An important part of school is becoming a well-rounded member of the community. We encourage our students to participate in the quality opportunities offered after school.

Our clubs are offered to all students grades 6-8 and we welcome and encourage all students to get involved! Varsity and junior varsity sports are offered to students in the 7th and 8th grade. Intermural sports for the 6th grade include volleyball, basketball, and soccer.

Leadership and Social Justice

Nathan Hale Magnet Middle School offers an environment with a caring staff, engaging classes, and many enrichment and after school activities. We promote a school community where students can grow their leadership skills and learn to be a positive influence in their school community. Our magnet theme of leadership and social justice is promoted by engaging classes with Ms. Benson and Mr. Nelson. These courses give a unique experience offered by no other school in Omaha. Students learn the importance of leadership and what it means to be a productive member of our community.

Principal Darin Williams

As Principal of Nathan Hale, I am proud of the hard work and dedication that our teachers and families demonstrate to the school community. In addition, the growth that our students have shown from the time they enter the school and leave the school, makes our school community proud of the accomplishments we have at Nathan Hale.

The best part of Nathan Hale is that we have teachers who really care for the learning of students. Our teachers will meet with students after school, support the entire learning process of the student, keep parents informed of their student's progress, and support afterschool activities. Another part of our school is our parents and students. Our students work hard and represent themselves in a positive manner. Our parents support the school and work with us as a team to continue the growth of their child.

Students at Nathan Hale enroll in leadership and social justice classes. Nathan Hale has opportunities for students to take leadership roles in classes, athletics, activities, and in every opportunity presented to them while they are at school.

We support our mission and vision by modeling the types of behaviors that we want our students to exhibit. Our curriculum is in line with the district's beliefs and values, and we emphasize the importance of contributing to our school community in a positive manner.
